

Winter 2020

Dear Rhode Island Families:

The 2021-2022 Rhode Island Charter Public School Application is now open! The Rhode Island Department of Education has launched a new online tool called EnrollRI to support families in accessing the educational path that is best for them. EnrollRI is your one-stop shop for discovering your options and applying for the schools and programs that best fit your family's needs. In its first year, families can submit one common application to all participating charter schools of interest. **Visit [EnrollRI.org/Charter](https://enrollri.org/Charter) and click on "Learn" to get started with EnrollRI's Family Information Tool.**

If you would like to learn more about the options for which your student is eligible, you can use the Family Information Tool to browse and search for schools based on location and program offerings. You can also compare multiple schools to determine which would be the best fit for your family.

If you already know what school(s) you would like to apply to, you can search by school name on the Family Information Tool.

Once you are ready to apply, you can use the Family Information Tool or click "Apply" on EnrollRI to submit your application. You can apply to all of the participating schools you are interested in using this one application.

Applications for the 2021-2022 school year are due on Thursday, March 18, 2021 at 5:00pm.

The charter school admissions lotteries will take place on April 1, 2021. You will be contacted directly by the schools after this date with an update on your child's application status.

Thank you for considering a Rhode Island charter public school for your child's educational journey. For more information on EnrollRI, please visit [EnrollRI.org/About](https://enrollri.org/About).

Sincerely,

The RIDE Charter School Office
